# UNOVoice C2

Corded/Cordless Combo

*Corded base supports cordless handset*

**With Bittell's unique UNOVoice C2, you get the best of both worlds.** Inside a corded phone lives a cordless base station, supporting up to four cordless handsets. So, with just one phone jack per room, you can still support both a need for a corded and cordless phone in the same room.

The corded handset by the bed is always there and ready, and the cordless remote handset can be placed anywhere there's an AC outlet.

## UNOVoice C2 Features

- Corded handset
- Cordless base supports up to 4 handsets
- DECT 6.0 clarity with no WiFi interference
- Base and handset speakerphone\*
- Handset message waiting indicator\*
- Up to 11 programmable guest service keys including programmable MW indicator (base)
- Simplified faceplate design and printing
- Enhanced design aesthetic to complement guest room interior design

\* Features available June 2011
